IGFBP-4 Monoclonal Antibody

Catalog Number:
AB-308-AI025

Specificity:
Insulin-Like Growth Factor Binding Protein-4 (N-terminal)

Clone:
23/56A

Reactivity:
Human, Mouse

Isotype:
IgG1

Source:
Murine

APPLICATION

ELISA: **10 µg/mL**

SPECIFICATIONS

Appearance	Clear, Colorless solution
Immunogen	Recombinant Human IGFBP-4
Purification	Purified from hybridoma culture supernatant using Protein G
Concentration	Batch Specific – refer to Certificate of Analysis report
Activity	Determined by direct ELISA
Composition	Reconstitute to the appropriate working dilution for your intended application using 10mM Phosphate Buffered Saline at pH7.4 without preservatives.
Storage and Shipping	Store at -20°C to -80°C as supplied. Avoid repeated freeze-thaw cycles. This product is shipped on dry ice. Upon receipt, store it immediately at the temperature recommended above.
